RACE AND BACKGROUND

Tools and Languages

Thieves' Tools, Lute
Common, Dwarvish, Elvish

Weapons and Armour

Simple weapons and Light Martial weapons

Racial Features

Resourceful. You gain Heroic Inspiration whenever you finish a Long Rest.

Savage Attacker

Once per turn when you hit a target with a weapon, you can roll the weapon's damage dice twice and use either roll against the target.

CLASS FEATURES

Unarmored Defense (1)

While you aren't wearing armor or wielding a Shield, your AC equals 10 plus your Dexterity and Wisdom modifiers.

Unarmored Movement (2)

Your speed increases by 10 feet while you aren't wearing armor or wielding a Shield. This bonus increases when you reach certain Monk levels, as shown on the Monk Features table.

CLASS FEATURES

Martial Arts (1)

Monk Weapons are: Simple Melee Weapons and Light Martial Melee Weapons
You gain the following benefits while you are unarmed or wielding only Monk weapons and you aren't wearing armor or wielding a Shield.
Bonus Unarmed Strike. You can make an Unarmed Strike as a Bonus Action.
Martial Arts Die. You can roll a *Martial Die* in place of the normal damage of your Unarmed Strike or Monk weapons. The value of the die changes as you gain levels.
Dexterous Attacks. You can use your Dexterity modifier for the attack and damage rolls of your Unarmed Strikes and Monk weapons. In addition, when you use the Grapple or Shove option of your Unarmed Strike, you can use your Dexterity modifier instead of your Strength modifier to determine the save DC.

Monk's Focus (2)

You can expend *Focus Points* to enhance or fuel certain Monk features. The number of points change as you gain levels and you regain used ones at the end of a Short or Long Rest. Some abilities that use Focus Points force a saving throw, the DC in that case is 8 + Wisdom Modifier + Proficiency Bonus. You start knowing three such features:
Flurry of Blows. You can expend 1 Focus Point to make two Unarmed Strikes as a Bonus Action.
Patient Defense. You can take the Disengage action as a Bonus Action. Alternatively, you can expend 1 Focus Point to take both the Disengage and the Dodge actions as a Bonus Action.
Step of the Wind. You can take the Dash action as a Bonus Action. Alternatively, you can expend 1 Focus Point to take both the Disengage and Dash actions as a Bonus Action, and your jump distance is doubled for the turn.

Uncanny Metabolism (2)

When you roll Initiative, you can regain all expended Focus Points. When you do so, roll your Martial Arts die, and regain a number of Hit Points equal to your Monk level plus the number rolled. Once you use this feature, you can't use it again until you finish a Long Rest.

Shadow Arts (3)

Darkness. You can expend 1 Focus Point to cast the Darkness spell without spell components. You can see within the spell's area when you cast it with this feature. While the spell persists, you can move its area of Darkness to a space within 60 feet of yourself at the start of each of your turns.
Darkvision. You gain Darkvision with a range of 60 feet. If you already have Darkvision, its range increases by 60 feet.
Shadowy Figments. You know the Minor Illusion spell. Wisdom is your spellcasting ability for it.

CLASS FEATURES

Deflect Attacks (3)

When an attack roll hits you and its damage includes Bludgeoning, Piercing, or Slashing damage, you can take a Reaction to reduce the attack's total damage against you. The reduction equals 1d10 plus your Dexterity modifier and Monk level. If you reduce the damage to 0, you can expend 1 Focus Point to redirect some of the attack's force. If you do so, choose a creature you can see within 5 feet of yourself if the attack was a melee attack or a creature you can see within 60 feet of yourself that isn't behind Total Cover if the attack was a ranged attack. That creature must succeed on a Dexterity saving throw or take damage equal to two rolls of your Martial Arts die plus your Dexterity modifier. The damage is the same type dealt by the attack.

(4)

Extra Attack (5)

You can attack twice instead of once whenever you take the Attack action on your turn.

Stunning Strike (5)

Once per turn when you hit a creature with a Monk weapon or an Unarmed Strike, you can expend 1 Focus Point to attempt a stunning strike. The target must make a Constitution saving throw. On a failed save, the target has the Stunned condition until the start of your next turn. On a successful save, the target's Speed is halved until the start of your next turn, and the next attack roll made against the target before then has Advantage.

Empowered Strikes (6)

Whenever you deal damage with your Unarmed Strike, it can deal your choice of Force damage or its normal damage type.

Shadow Step (6)

While entirely within Dim Light or Darkness, you can use a Bonus Action to teleport up to 60 feet to an unoccupied space you can see that is also in Dim Light or Darkness. You then have Advantage on the next melee attack you make before the end of the current turn.

Evasion (7)

When you're subjected to an effect that allows you to make a Dexterity saving throw to take only half damage and you are not Incapacitated, you instead take no damage if you succeed on the saving throw and only half damage if you fail.

Acrobatic Movement (9)

While you aren't wearing armor or wielding a Shield, you gain the ability to move along vertical surfaces and across liquids on your turn without falling during the movement.

Heightened Focus (10)

Your Flurry of Blows, Patient Defense, and Step of the Wind gain the following benefits.
Flurry of Blows. You can expend 1 Focus Point to use Flurry of Blows and make three Unarmed Strikes instead of two.
Patient Defense. When you expend a Focus Point to use Patient Defense, you gain a number of Temporary Hit Points equal to two rolls of your Martial Arts die.
Step of the Wind. When you expend a Focus Point to use Step of the Wind, you can choose a willing creature within 5 feet of yourself that is Large or smaller. You move the creature with you until the end of your turn. The creature's movement doesn't provoke Opportunity Attacks.

Self-Restoration (10)

Through sheer force of will, you can remove one of the following conditions from yourself at the end of each of your turns: Charmed, Frightened, or Poisoned. In addition, forgoing food and drink doesn't give you levels of Exhaustion.

Improved Shadow Step (11)

You can draw on your Shadowfell connection to empower your teleportation. When you use your Shadow Step, you can expend 1 Focus Point to remove the requirement that you must start and end in Dim Light or Darkness for that use of the feature. As part of this Bonus Action, you can make an Unarmed Strike immediately after you teleport.

Deflect Energy (13)

You can now use your Deflect Attacks feature against attacks that deal any damage type, not just Bludgeoning, Piercing, or Slashing.

Disciplined Survivor (14)

Whenever you make a saving throw and fail, you can expend 1 Focus Point to reroll it, and you must use the new roll.
