Darkvision (120ft)
Dwarven Resilience You have Resistance to Poison damage. You also have Advantage on saving throws you make to avoid or end the Poisoned condition.

Dwarven Toughness Your Hit Point maximum increases by 1, and it increases by 1 again whenever you gain a level.

Stonecunning As a Bonus Action, you gain Tremorsense with a range of 60 feet for 10 minutes. You must be on a stone surface or touching a stone surface to use this Tremorsense. The stone can be natural or worked.
You can use this Bonus Action a number of times equal to your Proficiency Bonus, and you regain all expended uses when you finish a Long Rest.

Alert

Immediately after you roll Initiative, you can swap your Initiative with the Initiative of one willing ally in the same combat. You can't make this swap if you or the ally has the Incapacitated condition.

WEAPON MASTERY

Cleave

If you hit a creature with a melee attack roll using this weapon, you can make a melee attack roll with the weapon against a second creature within 5 feet of the first that is also within your reach. On a hit, the second creature takes the weapon's damage, but don't add your ability modifier to that damage unless that modifier is negative. You can make this extra attack only once per turn.

Vex

If you hit a creature with this weapon and deal damage to the creature, you have Advantage on your next attack roll against that creature before the end of your next turn.

Nick

When you make the extra attack of the Light property, you can make it as part of the Attack action instead of as a Bonus Action. You can make this extra attack only once per turn.

Sap

If you hit a creature with this weapon, that creature has Disadvantage on its next attack roll before the start of your next turn.

Slow

If you hit a creature with this weapon and deal damage to it, you can reduce its Speed by 10 feet until the start of your next turn. If the creature is hit more than once by weapons that have this property, the Speed reduction doesn't exceed 10 feet.

PERSONAL INFORMATION

Background

Ik werkte als guard op de Muur rondom Elturel. Ik ben ontslagen doordat een dare tussen mij en morgran uit de hand liep.
Hierdoor hebben we iemand vermoord.
Heb op de muur veel gezien, voornamelijk de undead lieten een indruk achter.
Vind de spanningen in de stad niet chill. Wil niet dat de stad weer terug gaat naar de tijd van 1444.
Ik ben nu 70 jaar oud. Ik was 10 toen de undead de stad infested. Familie is toen dood gegaan. Ben er nog steeds niet overheen.
Wil proberen de stad te redden en het contract met zariel verbreken.

CLASS FEATURES

Rage (1)

You can enter a rage as a Bonus Action if you aren't wearing Heavy armor. You regain one use on a short rest and all on a long rest.
- You have Resistance to weapon damage.
- When you make an attack using Strength and deal damage to the target, you deal extra damage equal to your Rage Damage.
- You have Advantage on Strength checks and saving throws.
- You can't maintain Concentration, and you can't cast spells.

Duration The Rage lasts until the end of your next turn, and it ends early if you are Incapacitated. You can extend the Rage for another round (up to 10 minutes) by doing one of the following:
- Make an attack roll against an enemy.
- Force an enemy to make a saving throw.
- Take a Bonus Action to extend your Rage.

Reckless Attack (2)

When you make your first attack roll on your turn, you can decide to attack recklessly. Doing so gives you Advantage on attack rolls using Strength until the start of your next turn, but attack rolls against you have Advantage during that time.

Animal Speaker (3)

You can cast the *Beast Sense* and *Speak with Animals* spells but only as Rituals. Wisdom is your spellcasting ability for them.

Rage of the Wilds (3)

Whenever you activate your Rage, you gain one of the following options of your choice.
Bear. While your Rage is active, you have Resistance to every damage type except Force, Necrotic, Psychic, and Radiant.
Eagle. When you activate your Rage, you can take the Disengage and Dash actions as part of that Bonus Action. While your Rage is active, you can take a Bonus Action to take both of those actions.
Wolf. While your Rage is active, your allies have Advantage on attack rolls against any enemy of yours within 5 feet of you.

Primal Knowledge (3)

While your Rage is active, whenever you make an ability check using one of the following skills, you can make it as a Strength check even if it normally uses a different ability: Acrobatics, Intimidation, Perception, Stealth, or Survival.

Athlete (4)

Climb Speed. You gain a Climb Speed equal to your Speed.
Hop Up. When you have the Prone condition, you can right yourself with only 5 feet of movement.
Jumping. You can make a running Long or High Jump after moving only 5 feet.

Aspect of the Wilds (6)

Whenever you finish a Long Rest, choose one that lasts until you choose again.
Owl. You have Darkvision with a range of 60 feet. If you already have Darkvision, its range increases by 60 feet.
Panther. You have a Climb Speed equal to your Speed.
Salmon. You have a Swim Speed equal to your Speed.

Instinctive Pounce (7)

As part of the Bonus Action you take to enter your Rage, you can move up to half your Speed.

Brutal Strike (5)

If you use Reckless Attack, you can forgo any Advantage on one Strength-based attack roll of your choice on your turn. The chosen attack roll mustn't have Disadvantage. If the chosen attack roll hits, the target takes an extra 1d10 damage of the same type dealt by the weapon or Unarmed Strike, and you can cause one Brutal Strike effect of your choice.
Forceful Blow. The target is pushed 15 feet straight away from you. You can then move up to half your Speed straight toward the target without provoking Opportunity Attacks.
Hamstring Blow. The target's Speed is reduced by 15 feet until the start of your next turn. A target can be affected by only one Hamstring Blow at a time—the most recent one.

Nature Speaker (10)

You can cast the *Commune with Nature* spell but only as a Ritual. Wisdom is your spellcasting ability for it.

Relentless Rage (11)

If you drop to 0 Hit Points while your Rage is active and don't die outright, you can make a DC 10 Constitution saving throw. If you succeed, your Hit Points instead change to a number equal to twice your Barbarian level.
Each time you use this feature after the first, the DC increases by 5. When you finish a Short or Long Rest, the DC resets to 10.

Improved Brutal Strike (13)

Staggering Blow. The target has Disadvantage on the next saving throw it makes, and it can't make Opportunity Attacks until the start of your next turn.
Sundering Blow. Before the start of your next turn, the next attack roll made by another creature against the target gains a +5 bonus to the roll. An attack roll can gain only one Sundering Blow bonus.
