RACE AND BACKGROUND

Tools and Languages

Cartographer's tools, Herbalism kit

Druidic, Common, Common Sign Language, Draconic

Weapons and Armour

Simple weapons, Light armour, Shields

Racial Features

Dark vision (60)
Otherworldly Presence You know the *Thaumaturgy* cantrip.
Fiendish Legacy You know the *Resistance* cantrip. At level 3, you learn the *Hellish Rebuke* spell and at level 5, the *Darkness* spell. You always have them prepared. You can cast them once without a spell slot, and you regain the ability to cast them in that way when you finish a Long Rest. You can also cast the spell using any spell slots you have of the appropriate level. Wisdom is your spellcasting ability for these spells.

Magic Initiate

Two cantrips You learn two cantrips of your choice from the Cleric, Druid, or Wizard spell list. Wisdom is your spellcasting ability for this feat's spells.
Level 1 Spell Choose a level 1 spell from the same list. You always have that spell prepared. You can cast it once without a spell slot, and you regain the ability to cast it in that way when you finish a Long Rest. You can also cast the spell using any spell slots you have.
Spell Change When you gain a level, you can choose again.

CLASS FEATURES

Druidic (1)

You always have the Speak with Animals spell prepared.
You can use Druidic to leave hidden messages. You and others who know Druidic automatically spot such a message. Others spot the message's presence with a successful DC 15 Intelligence (Investigation) check but can't decipher it without magic.

Primal Order: Magician (1)

You know one extra cantrip from the Druid spell list. In addition, your mystical connection to nature gives you a bonus to your Intelligence (Arcana or Nature) checks. The bonus equals your Wisdom modifier (minimum bonus of +1).

Spellcasting (1)

You regain all expended slots when you finish a Long Rest. Whenever you finish a Long Rest, you can change your list of prepared spells, replacing any of the spells with other Druid spells for which you have spell slots.
Wisdom is your spellcasting ability for your Druid spells.

Wild Companion (2)

As a Magic action, you can expend a spell slot or a use of Wild Shape to cast the Find Familiar spell without Material components. When you cast the spell in this way, the familiar is Fey and disappears when you finish a Long Rest.

Wild Shape (2)

As a Bonus Action, you shape-shift into a Beast form that you have learned for this feature. You stay in that form for a number of hours equal to half your Druid level or until you use Wild Shape again, have the Incapacitated condition, or die. You can also leave the form early as a Bonus Action.

Number of Uses You regain one use when you finish a Short Rest, and you regain all when you finish a Long Rest.
Known Forms Whenever you finish a Long Rest, you can replace one of your known forms with another eligible form.
Rules While Shape-Shifted While in a form, you retain your personality, memories, and ability to speak, and the following rules apply:
- You gain Temporary Hit Points equal to your Druid level.
- You assume the Beast's stat block, but you retain your creature type; Hit Points; Hit Point Dice; Intelligence, Wisdom, and Charisma scores; class features; languages; and feats. You also retain your skill and saving throw proficiencies and use your Proficiency Bonus for them, in addition to gaining the proficiencies of the creature. If a skill or saving throw modifier in the Beast's stat block is higher than yours, use the one in the stat block.
- You can't cast spells, but shape-shifting doesn't break your Concentration or otherwise interfere with a spell you've already cast.
- You choose whether your equipment falls in your space, merges into your new form, or is worn by it. Worn equipment functions as normal if it would fit. Equipment that merges with the form has no effect while you're in that form.

CLASS FEATURES

Circle of Land Spells (3)

Whenever you finish a Long Rest, choose one type of land: arid, polar, temperate, or tropical. Consult the table below that corresponds to the chosen type; you have the spells listed for your Druid level and lower prepared.
Arid Land
3rd Blur, Burning Hands, Fire Bolt
5th Fireball
7th Blight
9th Wall of Stone
Polar Land
3rd Fog Cloud, Hold Person, Ray of Frost
5th Sleet Storm
7th Ice Storm
9th Cone of Cold
Temperate Land
3rd Misty Step, Shocking Grasp, Sleep
5th Lightning Bolt
7th Freedom of Movement
9th Tree Stride
Tropical Land
3rd Acid Splash, Ray of Sickness, Web
5th Stinking Cloud
7th Polymorph
9th Insect Plague

Land's Aid (3)

As a Magic action, you can expend a use of your Wild Shape and choose a point within 60 feet of yourself. Vitality-giving flowers and life-draining thorns appear for a moment in a 10-foot-radius Sphere centered on that point. Each creature of your choice in the Sphere must make a Constitution saving throw against your spell save DC, taking 2d6 Necrotic damage on a failed save or half as much damage on a successful one. One creature of your choice in that area regains 2d6 Hit Points.

The damage and healing increase by 1d6 when you reach Druid levels 10 (3d6) and 14 (4d6).

(4)

Wild Resurgence (5)

Once on each of your turns, if you have no uses of Wild Shape left, you can give yourself one use by expending a spell slot. In addition, you can expend one use of Wild Shape to give yourself a level 1 spell slot, but you can't do so again until you finish a Long Rest.

Natural Recovery (6)

You can cast one of the level 1+ spells that you have prepared from your Circle Spells feature without expending a spell slot, and you must finish a Long Rest before you do so again.

In addition, when you finish a Short Rest, you can choose expended spell slots to recover. The spell slots can have a combined level that is equal to or less than half your Druid level (round up), and none of them can be level 6+. For example, if you're a level 6 Druid, you can recover up to three levels' worth of spell slots. You can recover a level 3 spell slot, a level 2 and a level 1 spell slot, or three level 1 spell slots. Once you recover spell slots with this feature, you can't do so again until you finish a Long Rest.

Elemental Fury (7)

Nature's Ward (10)

You are immune to the Poisoned condition, and you have Resistance to a damage type associated with your current land choice in the Circle Spells feature, as shown in the Nature's Ward table.
Arid: Fire
Polar: Cold
Temperate: Lightning
Tropical: Poison

Nature's Sanctuary (14)

As a Magic action, you can expend a use of your Wild Shape and cause spectral trees and vines to appear in a 15-foot Cube on the ground within 120 feet of yourself. They last there for 1 minute or until you have the Incapacitated condition or die. You and your allies have Half Cover while in that area, and your allies gain the current Resistance of your Nature's Ward while there.

As a Bonus Action, you can move the Cube up to 60 feet to ground within 120 feet of yourself.

Improved Elemental Fury (15)
