PREPARED SPELLS

CLASS FEATURES

Spellcasting (1)

Cantrips Whenever you finish a Long Rest, you can replace one of your cantrips from this feature with another Wizard cantrip of your choice.

Spellbook Your wizardly apprenticeship culminated in the creation of a unique book: your spellbook. It is a Tiny object that weighs 3 pounds, contains 100 pages, and can be read only by you or someone casting Identify. You determine the book's appearance and materials, such as a gilt-edged tome or a collection of vellum bound with twine.

Spell Slots The Wizard Features table shows how many spell slots you have to cast your level 1+ spells. You regain all expended slots when you finish a Long Rest.

Changing Your Prepared Spells Whenever you finish a Long Rest, you can change your list of prepared spells, replacing any of the spells there with spells from your spellbook.

Spellcasting Ability Intelligence is your spellcasting ability for your Wizard spells.

Spellcasting Focus You can use an Arcane Focus or your spellbook as a Spellcasting Focus for your Wizard spells.

Ritual Adept (1)

You can cast any spell as a Ritual if that spell has the Ritual tag and the spell is in your spellbook. You needn't have the spell prepared, but you must read from the book to cast a spell in this way.

Arcane Recovery (1)

When you finish a Short Rest, you can choose expended spell slots to recover. The spell slots can have a combined level equal to no more than half your Wizard level (round up), and none of the slots can be level 6 or higher.
Once you use this feature, you can't do so again until you finish a Long Rest.

Memorize Spell (5)

Whenever you finish a Short Rest, you can study your spellbook and replace one of the level 1+ Wizard spells you have prepared for your Spellcasting feature with another level 1+ spell from the book.
