Racial Features

Darkvision. You have Darkvision with a range of 120 feet.
Fey Ancestry. You have Advantage on saving throws you make to avoid or end the Charmed condition.
Keen Senses. You have proficiency in the Insight, Perception, or Survival skill.
Trance. You don't need to sleep, and magic can't put you to sleep. You can finish a Long Rest in 4 hours if you spend those hours in a trancelike meditation, during which you retain consciousness.

Drow Lineage You know the *Prestidigitation* cantrip. Whenever you finish a Long Rest, you can replace that cantrip with a different cantrip from the Wizard spell list. At level 3, you learn the *Detect Magic* spell and at level 5, the *Misty Step* spell. You always have them prepared. You can cast them once without a spell slot, and you regain the ability to cast them in that way when you finish a Long Rest. You can also cast the spell using any spell slots you have of the appropriate level. Wisdom is your spellcasting ability for these spells.

PERSONAL INFORMATION

Backstory

Dochter van de leader van de community van drows in de undark. Ik ben het nooit eens geweest met het geloof/gedachte gang van de drows, maar maskeerde dit zodat dit niet zou opvallen. Het verbergen van mijn gedachte en mensen misleiden, overhalen, verleiden en bedriegen was mijn overlevingsstrategie. Ik ben de erfgenaam van de “troon?”van mijn vader en moet hiervoor op mijn 21e een ritueel uitvoeren waarbij ik iemand publiekelijk vermoord om mijn loyaliteit te bewijzen. De nacht voor mijn ritueel ben ik weg gevlucht en heb mij gemengd tussen het gewone volk van Elturel om mij te verstoppen voor mijn vader die mij zoekt met zijn handlangers. Mijn vader is een trouw lid van de cult. Ik wil een eigen leven opbouwen en mij los maken van mijn destiny. Hiervoor zal ik mijn masker af moeten zetten en mijn ware ik toelaten naar de buitenwereld, maar of mij dit zal lukken……

CLASS FEATURES

Spellcasting (1)

You regain all expended slots when you finish a Long Rest. Whenever you finish a Long Rest, you can change your list of prepared spells, replacing any of the spells with other Cleric spells for which you have spell slots.
Wisdom is your spellcasting ability for your Druid spells.

Divine Order: Thaumaturge (1)

You know one extra cantrip from the Cleric spell list. In addition, your mystical connection to the divine gives you a bonus to your Intelligence (Arcana or Religion) checks. The bonus equals your Wisdom modifier (minimum of +1).

Channel Divinity (2)

You can use this class's Channel Divinity twice. You regain one of its expended uses when you finish a Short Rest, and you regain all expended uses when you finish a Long Rest. You gain additional uses when you reach certain Cleric levels, as shown in the Channel Divinity column of the Cleric Features table.

If a Channel Divinity effect requires a saving throw, the DC equals the spell save DC from this class's Spellcasting feature.

Divine Spark As a Magic action, you point your Holy Symbol at another creature you can see within 30 feet of yourself and focus divine energy at it. Roll 1d8 and add your Wisdom modifier. You either restore Hit Points to the creature equal to that total or force the creature to make a Constitution saving throw. On a failed save, the creature takes Necrotic or Radiant damage (your choice) equal to that total. On a successful save, the creature takes half as much damage (round down).
You roll an additional d8 when you reach Cleric levels 7 (2d8), 13 (3d8), and 18 (4d8).

Turn Undead As a Magic action, you present your Holy Symbol and censure Undead creatures. Each Undead of your choice within 30 feet of you must make a Wisdom saving throw. If the creature fails its save, it has the Frightened and Incapacitated conditions for 1 minute. For that duration, it tries to move as far from you as it can on its turns. This effect ends early on the creature if it takes any damage, if you have the Incapacitated condition, or if you die.

Blessing of the Trickster (3)

As a Magic action, you can choose yourself or a willing creature within 30 feet of yourself to have Advantage on Dexterity (Stealth) checks. This blessing lasts until you finish a Long Rest or you use this feature again.

Invoke Duplicity (3)

As a Bonus Action, you can expend one use of your Channel Divinity to create a perfect visual illusion of yourself in an unoccupied space you can see within 30 feet of yourself. The illusion is intangible and doesn't occupy its space. It lasts for 1 minute, but it ends early if you dismiss it (no action required) or have the Incapacitated condition. The illusion is animated and mimics your expressions and gestures. While it persists, you gain the following benefits.

Cast Spells. You can cast spells as though you were in the illusion's space, but you must use your own senses.

Distract. When both you and your illusion are within 5 feet of a creature that can see the illusion, you have Advantage on attack rolls against that creature, given how distracting the illusion is to the target.

Move. As a Bonus Action, you can move the illusion up to 30 feet to an unoccupied space you can see that is within 120 feet of yourself.

Sear Undead (5)

Whenever you use Turn Undead, you can roll a number of d8s equal to your Wisdom modifier (minimum of 1d8) and add the rolls together. Each Undead that fails its saving throw against that use of Turn Undead takes Radiant damage equal to the roll's total. This damage doesn't end the turn effect.

Trickster's Transposition (6)

Whenever you take the Bonus Action to create or move the illusion of your Invoke Duplicity, you can teleport, swapping places with the illusion.

Blessed Strikes (7)

Once on each of your turns when you hit a creature with an attack roll using a weapon, you can cause the target to take an extra 1d8 Necrotic or Radiant damage (your choice).

Divine Intervention (10)

You can call on your deity or pantheon to intervene on your behalf. As a Magic action, choose any Cleric spell of level 5 or lower that doesn't require a Reaction to cast. As part of the same action, you cast that spell without expending a spell slot or needing Material components. You can't use this feature again until you finish a Long Rest.

Improved Blessed Strikes (14)

The extra damage of your Divine Strike increases to 2d8.
