Racial Features

Darkvision. You have Darkvision with a range of 60 feet.

Breath Weapon. When you take the Attack action on your turn, you can replace one of your attacks with an exhalation of magical energy in either a 15-foot Cone or a 30-foot Line that is 5 feet wide. Each creature in that area must make a Dexterity saving throw (8+con+prof). On a failed save, a creature takes 1d10 acid damage. On a successful save, a creature takes half as much damage. You regain all expended uses (equal to proficiency bonus) when you finish a Long Rest.

Damage Resistance. You have Resistance to acid damage.

Draconic Flight. When you reach character level 5, you can channel draconic magic to give yourself temporary flight. As a Bonus Action, you sprout spectral wings made of the same energy as your Breath Weapon on your back that last for 10 minutes or until you retract the wings (no action required) or have the Incapacitated condition. During that time, you have a Fly Speed equal to your Speed. You can do this once a long rest.

Lucky

Luck Points. You have a number of Luck Points equal to your Proficiency Bonus and can spend the points on the benefits below. You regain them when you finish a Long Rest.

Advantage. When you roll a d20 for a D20 Test, you can spend 1 Luck Point to give yourself Advantage on the roll.

Disadvantage. When a creature rolls a d20 for an attack roll against you, you can spend 1 Luck Point to impose Disadvantage on that roll.

Features

Skills. Perception +3, Stealth +4

Senses. Blindsight 10 ft., Darkvision 60 ft., PP 13

Keen Senses. The pseudodragon has advantage on Wisdom (Perception) checks that rely on sight, hearing, or smell.

Limited Telepathy. The pseudodragon can magically communicate simple ideas, emotions, and images telepathically with any creature within 100 feet of it that can understand a language.

Magic Resistance. The pseudodragon has advantage on saving throws against spells and other magical effects.

Attacks

Bite. Melee Weapon Attack: +4 to hit, reach 5 ft., one target. Hit: 4 (1d4 + 2) piercing damage.

Sting. Melee Weapon Attack: +4 to hit, reach 5 ft., one creature. Hit: 4 (1d4 + 2) piercing damage, and the target must succeed on a DC 11 Constitution saving throw or become poisoned for 1 hour. If the saving throw fails by 5 or more, the target falls unconscious for the same duration, or until it takes damage or another creature uses an action to shake it awake.

Pact of the Blade

As a Bonus Action, you can conjure a pact weapon in your hand—a Simple or Martial Melee weapon of your choice with which you bond—or create a bond with a magic weapon you touch; you can't bond with a magic weapon if someone else is attuned to it or another Warlock is bonded with it. Until the bond ends, you have proficiency with the weapon, and you can use it as a Spellcasting Focus.

Whenever you attack with the bonded weapon, you can use your Charisma; and you can cause the weapon to deal Necrotic, Psychic, or Radiant damage or its normal damage type.

Your bond with the weapon ends if you use this feature's Bonus Action again, if the weapon is more than 5 feet away from you for 1 minute or more, or if you die. A conjured weapon disappears when the bond ends.

CLASS FEATURES

Pact Magic

Spell Slots

You regain all expended Pact Magic spell slots when you finish a Short or Long Rest.

Spellcasting Ability

Is Charisma.

Pact of the chain

You can cast Find Familiar without expending a spell slot. Additionally, when you take the Attack action, you can forgo one of your own attacks to allow your familiar to make one attack of its own with its Reaction.

Magical Cunning

You can perform an esoteric rite for 1 minute. At the end of it, you regain expended Pact Magic spell slots but no more than a number equal to half your maximum (round up). Once you use this feature, you can't do so again until you finish a Long Rest.

Eldritch Mind

You have Advantage on Constitution saving throws that you make to maintain Concentration.

Hexblade's Curse

As a bonus action, choose one creature you can see within 30 feet of you. The target is cursed for 1 minute. The curse ends early if the target dies, you die, or you are incapacitated. Until the curse ends, you gain the following benefits:

You gain a bonus to damage rolls against the cursed target. The bonus equals your proficiency bonus.

Any attack roll you make against the cursed target is a critical hit on a roll of 19 or 20 on the d20.

If the cursed target dies, you regain hit points equal to your warlock level + your Charisma modifier.

You can't use this feature again until you finish a short or long rest.

Hex Warrior

Whenever you finish a long rest, you can touch one weapon that you are proficient with and that lacks the two-handed property. When you attack with that weapon, you can use your Charisma modifier, instead of Strength or Dexterity, for the attack and damage rolls.

Elemental Adept

Spells you cast ignore Resistance to Acid damage. In addition, when you roll damage for a spell you cast that deals damage of that type, you can treat any 1 on a damage die as a 2.

Thirsting Blade

You gain the Extra Attack feature for your pact weapon only. With that feature, you can attack twice with the weapon instead of once when you take the Attack action on your turn.

Investment of the Chain Master

- The familiar gains a Fly/Swim Speed (40ft).

- As a Bonus Action, your familiar can take the Attack action.

- Whenever the familiar deals B/P/S damage, it can be Necrotic or Radiant damage instead.

- Your familiars save DC can be your spell save DC.

- When the familiar takes damage, you can take a Reaction to grant it Resistance against that damage.

Accursed Specter

When you slay a humanoid, you can cause its spirit to rise from its corpse as a specter, the statistics for which are in the Monster Manual. It gains temp hp equal to half your warlock level. Roll initiative for the specter, which has its own turns. It obeys your verbal commands, and it gains a special bonus to its attack rolls equal to your Cha modifier. The specter remains in your service until the end of your next long rest. Use once per Long Rest.

Eldritch Smite

Once per turn when you hit a creature with your pact weapon, you can expend a Pact Magic spell slot to deal an extra 1d8 Force damage to the target, plus another 1d8 per level of the spell slot, and you can give the target the Prone condition if it is Huge or smaller.

Contact Patron

You always have the Contact Other Plane spell prepared. You can cast the spell without expending a spell slot to contact your patron, and you automatically succeed on the spell's saving throw. You can do so once per Long Rest.

Lifedrinker

Once per turn when you hit a creature with your pact weapon, you can deal an extra 1d6 Necrotic, Psychic, or Radiant damage to the creature, and you can expend one Hp Dice and regain a number of Hit Points equal to the roll plus your Con mod.

Armor of Hexes

Your hex grows more powerful. If the target cursed by your Hexblade's Curse hits you with an attack roll, you can use your reaction to roll a d6. On a 4 or higher, the attack instead misses you, regardless of its roll.
