CLASS FEATURES

1

Pact Magic

Spell Slots You have up to four spell slots depending on your level, all of which are the same level. You regain all expended Pact Magic spell slots when you finish a Short or Long Rest.

Spellcasting Ability Charisma is the spellcasting ability for your Warlock spells.

2

Magical Cunning

You can perform an esoteric rite for 1 minute. At the end of it, you regain expended Pact Magic spell slots but no more than a number equal to half your maximum (round up). Once you use this feature, you can't do so again until you finish a Long Rest.

3

Hexblade's Curse

You gain the ability to place a baleful curse on someone. As a bonus action, choose one creature you can see within 30 feet of you. The target is cursed for 1 minute. The curse ends early if the target dies, you die, or you are incapacitated. Until the curse ends, you gain the following benefits:

You gain a bonus to damage rolls against the cursed target. The bonus equals your proficiency bonus.

Any attack roll you make against the cursed target is a critical hit on a roll of 19 or 20 on the d20.

If the cursed target dies, you regain hit points equal to your warlock level + your Charisma modifier (minimum of 1 hit point). You can't use this feature again until you finish a short or long rest.

4

Hex Warrior

You acquire the training necessary to effectively arm yourself for battle. You gain proficiency with medium armor, shields, and martial weapons.

The influence of your patron also allows you to mystically channel your will through a particular weapon. Whenever you finish a long rest, you can touch one weapon that you are proficient with and that lacks the two-handed property. When you attack with that weapon, you can use your Charisma modifier, instead of Strength or Dexterity, for the attack and damage rolls. This benefit lasts until you finish a long rest. If you later gain the Pact of the Blade feature, this benefit extends to every pact weapon you conjure with that feature, no matter the weapon's type.

6

Accursed Specter

You can curse the soul of a person you slay, temporarily binding it to your service. When you slay a humanoid, you can cause its spirit to rise from its corpse as a specter, the statistics for which are in the Monster Manual. When the specter appears, it gains temporary hit points equal to half your warlock level. Roll initiative for the specter, which has its own turns. It obeys your verbal commands, and it gains a special bonus to its attack rolls equal to your Charisma modifier (minimum of +0).

The specter remains in your service until the end of your next long rest, at which point it vanishes to the afterlife.

Once you bind a specter with this feature, you can't use the feature again until you finish a long rest.

9

Contact Patron

You always have the Contact Other Plane spell prepared. With this feature, you can cast the spell without expending a spell slot to contact your patron, and you automatically succeed on the spell's saving throw.

Once you cast the spell with this feature, you can't do so in this way again until you finish a Long Rest.

10

Armor of Hexes

Your hex grows more powerful. If the target cursed by your Hexblade's Curse hits you with an attack roll, you can use your reaction to roll a d6. On a 4 or higher, the attack instead misses you, regardless of its roll.

11

Mystic Arcanum

Choose one level 6 Warlock spell as this arcanum. You can cast your arcanum spell once without expending a spell slot, and you must finish a Long Rest before you can cast it in this way again.

You gain another Warlock spell of your choice that can be cast in this way when you reach Warlock levels 13 (level 7 spell), 15 (level 8 spell), and 17 (level 9 spell). You regain all uses of your Mystic Arcanum when you finish a Long Rest.
