Graze

If your attack roll with this weapon misses a creature, you can deal damage to that creature equal to the ability modifier you used to make the attack roll. This damage is the same type dealt by the weapon, and the damage can be increased only by increasing the ability modifier.

Topple

If you hit a creature with this weapon, you can force the creature to make a Constitution saving throw (DC 8 plus the ability modifier used to make the attack roll and your Proficiency Bonus). On a failed save, the creature has the Prone condition.

Sap

If you hit a creature with this weapon, that creature has Disadvantage on its next attack roll before the start of your next turn.

Slow

If you hit a creature with this weapon and deal damage to it, you can reduce its Speed by 10 feet until the start of your next turn. If the creature is hit more than once by weapons that have this property, the Speed reduction doesn't exceed 10 feet.

Push

If you hit a creature with this weapon, you can push the creature up to 10 feet straight away from yourself if it is Large or smaller.

CLASS FEATURES

Second Wind (1)

As a Bonus Action, you can regain Hit Points equal to 1d10 plus your Fighter level. You can use this feature twice. You regain one expended use when you finish a Short Rest, and you regain all expended uses when you finish a Long Rest.

Action Surge (2)

On your turn, you can take one additional action, except the Magic action. You can do this once per Short or Long Rest.

Tactical Mind (2)

When you fail an ability check, you can expend a use of your Second Wind, rather than regaining Hit Points, you roll 1d10 and add the number rolled to the ability check, potentially turning it into a success. If the check still fails, this use of Second Wind isn't expended.

Spellcasting (3)

Spell Slots. You regain all spellslots when you finish a Long Rest.
Spellcasting Ability. Intelligence is your spellcasting ability for your Wizard spells.
Spellcasting Focus. You can use an Arcane Focus as a Spellcasting Focus for your Wizard spells.

War Bond (3)

You learn a ritual that creates a magical bond between yourself and one weapon. You perform the ritual over the course of 1 hour, which can be done during a Short Rest. The weapon must be within your reach throughout the ritual, at the conclusion of which you touch the weapon and forge the bond. The bond fails if another Fighter is bonded to the weapon or if the weapon is a magic item to which someone else is attuned.

Once you have bonded a weapon to yourself, you can't be disarmed of that weapon unless you have the Incapacitated condition. If it is on the same plane of existence, you can summon that weapon as a Bonus Action, causing it to teleport instantly to your hand.

You can have up to two bonded weapons, but you can summon only one at a time with a Bonus Action. If you attempt to bond with a third weapon, you must break the bond with one of the other two.

Great Weapon Master (4)

Heavy Weapon Mastery. When you hit a creature with a weapon that has the Heavy property as part of the Attack action on your turn, you can cause the weapon to deal extra damage to the target. The extra damage equals your Proficiency Bonus.

Hew. Immediately after you score a Critical Hit with a Melee weapon or reduce a creature to 0 Hit Points with one, you can make one attack with the same weapon as a Bonus Action.

Extra Attack (5)

You can attack twice instead of once whenever you take the Attack action on your turn.

Tactical Shift (5)

Whenever you activate your Second Wind with a Bonus Action, you can move up to half your Speed without provoking Opportunity Attacks.

Heavy Armor Master (6)

Damage Reduction. When you're hit by an attack while you're wearing Heavy armor, any Bludgeoning, Piercing, and Slashing damage dealt to you by that attack is reduced by an amount equal to your Proficiency Bonus.

War Magic (7)

When you take the Attack action on your turn, you can replace one of the attacks with a casting of one of your Wizard cantrips that has a casting time of an action.

Tactical Master (9)

When you attack with a weapon whose mastery property you can use, you can replace that property with the Push, Sap, or Slow property for that attack.

Two Extra Attacks (11)

You can attack three times instead of once whenever you take the Attack action on your turn.
