Kalashtar

Dual Mind. You have Advantage on Wis and Cha saves.
Mental Discipline. You have Resistance to Psychic damage.
Mind Link. You have telepathy with a range in feet equal to 10 times your level. When you're using this trait to speak telepathically to a creature, you can take a Magic action to give that creature the ability to speak telepathically with you for 1 hour or until you take another Magic action to end this effect.
Severed from Dreams. You can't be the target of the Dream spell. In addition, when you finish a Long Rest, you gain proficiency in one skill of your choice. This proficiency lasts until you finish another Long Rest.

Gathered Whispers

Spirit Whispers. You learn the *Message* spell and can cast it without Material components. Additionally, you always have the *Augury* spell prepared. You can cast it without a spell slot or spell components once per Long Rest. You can also cast the spell using any spell slots you have.
Unearthly Scream. When you are hit by an attack roll, you can take a Reaction to add your Proficiency Bonus to your AC against that attack. You can use this benefit a number of times equal to your Proficiency Bonus per Long Rest.
Voices from Beyond. Immediately after you make a D20 Test and roll a 1, make a Wisdom saving throw (DC 13 plus your Proficiency Bonus) or be Deafened until the end of your next turn and have Disadvantage on ability checks and attack rolls.

SUBCLASS

Starry Form — 3

As a Bonus Action, you can expend a use of your Wild Shape feature to take on a starry form rather than shape-shifting. While in your starry form, you retain your game statistics, but your body becomes luminous, your joints glimmer like stars, and glowing lines connect them as on a star chart. This form sheds Bright Light in a 10-foot radius and Dim Light for an additional 10 feet. The form lasts for 10 minutes. It ends early if you dismiss it (no action required), have the Incapacitated condition, or use this feature again.

Whenever you assume your starry form, choose which of the following constellations glimmers on your body.
-Archer. A constellation of an archer appears on you. When you activate this form and as a Bonus Action on your subsequent turns while it lasts, you can make a ranged spell attack, hurling a luminous arrow that targets one creature within 60 feet of yourself. On a hit, the attack deals Radiant damage equal to 1d8 plus your Wisdom modifier.
-Chalice. A constellation of a life-giving goblet appears on you. Whenever you cast a spell using a spell slot that restores Hit Points to a creature, you or another creature within 30 feet of you can regain Hit Points equal to 1d8 plus your Wisdom modifier.
-Dragon. A constellation of a wise dragon appears on you. When you make an Intelligence or a Wisdom check or a Constitution saving throw to maintain Concentration, you can treat a roll of 9 or lower on the d20 as a 10.

Star Map — 3

You've created a star chart as part of your heavenly studies. It is a Tiny object, and you can use it as a Spellcasting Focus for your Druid spells.
While holding the map, you have the *Guidance* and *Guiding Bolt* spells prepared, and you can cast Guiding Bolt without expending a spell slot. You can cast it in that way a number of times equal to your Wisdom modifier (minimum of once), and you regain all expended uses when you finish a Long Rest.
If you lose the map, you can perform a 1-hour ceremony to magically create a replacement. This ceremony can be performed during a Short or Long Rest, and it destroys the previous map.

Cosmic Omen — 6

Whenever you finish a Long Rest, you can consult your Star Map for omens and roll a die. Until you finish your next Long Rest, you gain access to a special Reaction based on whether you rolled an even or an odd number on the die:
Weal (even). Whenever a creature you can see within 30 feet of you is about to make a D20 Test, you can take a Reaction to roll 1d6 and add the number rolled to the total.
Woe (odd). Whenever a creature you can see within 30 feet of you is about to make a D20 Test, you can take a Reaction to roll 1d6 and subtract the number rolled from the total.
You can use this Reaction a number of times equal to your Wisdom modifier (minimum of once), and you regain all expended uses when you finish a Long Rest.

CLASS FEATURES

Druidic — 1

You always have the Speak with Animals spell prepared. You can use Druidic to leave hidden messages. You and others who know Druidic automatically spot such a message. Others spot the message's presence with a successful DC 15 Intelligence (Investigation) check but can't decipher it without magic.

Spellcasting — 1

You regain all expended slots when you finish a Long Rest. Whenever you finish a Long Rest, you can change your list of prepared spells, replacing any of the spells with other Druid spells for which you have spell slots.
Wisdom is your spellcasting ability for your Druid spells.

Wild Companion — 2

As a Magic action, you can expend a spell slot or a use of Wild Shape to cast the Find Familiar spell without Material components. When you cast the spell in this way, the familiar is Fey and disappears when you finish a Long Rest.

Wild Shape — 2

As a Bonus Action, you shape-shift into a Beast form that you have learned for this feature. You stay in that form for a number of hours equal to half your Druid level or until you use Wild Shape again, have the Incapacitated condition, or die. You can also leave the form early as a Bonus Action.

Number of Uses You regain one use when you finish a Short Rest, and you regain all when you finish a Long Rest.
Known Forms Whenever you finish a Long Rest, you can replace one of your known forms with another eligible form.
Rules While Shape-Shifted While in a form, you retain your personality, memories, and ability to speak, and the following rules apply:
- You gain Temporary Hit Points equal to your Druid level.
- You assume the Beast's stat block, but you retain your creature type; Hit Points; Hit Point Dice; Intelligence, Wisdom, and Charisma scores; class features; languages; and feats. You also retain your skill and saving throw proficiencies and use your Proficiency Bonus for them, in addition to gaining the proficiencies of the creature. If a skill or saving throw modifier in the Beast's stat block is higher than yours, use the one in the stat block.
- You can't cast spells, but shape-shifting doesn't break your Concentration or otherwise interfere with a spell you've already cast.
- You choose whether your equipment falls in your space, merges into your new form, or is worn by it. Worn equipment functions as normal if it would fit. Equipment that merges with the form has no effect while you're in that form.

Telekinetic — 4

Minor Telekinesis. You learn the Mage Hand spell. You can cast it without Verbal or Somatic components, you can make the spectral hand Invisible, and its range and the distance it can be away from you both increase by 30 feet when you cast it. The spell's spellcasting ability is the ability increased by this feat.
Telekinetic Shove. As a Bonus Action, you can telekinetically shove one creature you can see within 30 feet of yourself. When you do so, the target must succeed on a Strength saving throw (DC 8 plus the ability modifier of the score increased by this feat and your Proficiency Bonus) or be moved 5 feet toward or away from you.

Wild Resurgence — 5

Once on each of your turns, if you have no uses of Wild Shape left, you can give yourself one use by expending a spell slot. In addition, you can expend one use of Wild Shape to give yourself a level 1 spell slot, but you can't do so again until you finish a Long Rest.

Elemental Fury — 7

Add your Wisdom modifier to the damage you deal with any Druid cantrip.

Twinkling Constellations — 10

The constellations of your Starry Form improve. The 1d8 of the Archer and the Chalice becomes 2d8, and while the Dragon is active, you have a Fly Speed of 20 feet and can hover.
Moreover, at the start of each of your turns while in your Starry Form, you can change which constellation you use.

War Caster — 12

Concentration. You have Advantage on Constitution saving throws that you make to maintain Concentration.
Reactive Spell. When a creature provokes an Opportunity Attack from you by leaving your reach, you can take a Reaction to cast a spell at the creature rather than making an Opportunity Attack. The spell must have a casting time of one action and must target only that creature.
Somatic Components. You can perform the Somatic components of spells even when you have weapons or a Shield in one or both hands.

Full of Stars — 14

While in your Starry Form, you become partially incorporeal, giving you Resistance to Bludgeoning, Piercing, and Slashing damage.
