Magic Item Tinker

Charge Magic Item. As a Bonus Action, you can touch a magic item within 5 feet of yourself that you created with Replicate Magic Item and that uses charges. You expend a level 1+ spell slot and recharge the item. The number of charges the item regains is equal to the level of spell slot expended.

Drain Magic Item. As a Bonus Action, you can touch a magic item within 5 feet of yourself that you created with Replicate Magic Item and cause the item to vanish, converting its magical energy into a spell slot. The slot is level 1 if the item is Common or level 2 if the item is Uncommon or Rare. Once you use this feature, you can't do so again until you finish a Long Rest. Any spell slot you create with this feature vanishes when you finish a Long Rest.

Transmute Magic Item. As a Magic action, you can touch one magic item within 5 feet of yourself that you created with Replicate Magic Item and transform it into a different magic item. The resulting item must be based on a magic item plan you know. Once you use this feature, you can't do so again until you finish a Long Rest.

CLASS FEATURES

Spellcasting

1

Tools Required. You produce your Artificer spells through tools. You can use any kind of Artisan's Tools with which you have proficiency as a Spellcasting Focus, and you must have one of those focuses in hand when you cast an Artificer spell (meaning the spell has an M component when you cast it).

Cantrips. Whenever you finish a Long Rest, you can replace one of your cantrips from this feature with another Artificer cantrip of your choice.

Spell Slots. You regain all expended slots when you finish a Long Rest.

Changing Your Prepared Spells. Whenever you finish a Long Rest, you can change your list of prepared spells.

Spellcasting Ability. Intelligence is your spellcasting ability for your Artificer spells.

Tools of the Trade

3

When you craft nonmagical or magic armor, the amount of time required to craft it is halved.

Tools of the Trade

3

As a Magic action while you have Smith's Tools in hand, you can turn a suit of armor you are wearing into Arcane Armor. The armor continues to be Arcane Armor until you don another suit of armor or you die.

No Strength Requirement. Arcane Armor lacks Strength requirements.

Quick Don and Doff. You can don or doff the armor as a Utilize action. The armor can't be removed against your will.

Spellcasting Focus. You can use the Arcane Armor as a Spellcasting Focus for your Artificer spells.

Armor Model

3

You can customize your Arcane Armor at the end of a Short or Long Rest if you have Smith's Tools in hand. You can use Intelligence for attacks with the armour weapon.

Dreadnaught.

Force Demolisher. Simple Melee weapon | Reach | 1d10 Force damage. If you hit a creature that is at least one size smaller than you with the demolisher, you can push the creature up to 10 feet straight away from yourself or pull the creature up to 10 feet toward yourself.

Giant Stature. As a Bonus Action, for 1 minute, your reach increases by 5 feet, and you can become Large, along with anything you are wearing. You regain all expended uses (Int mod/Long Rest) when you finish a Long Rest.

Guardian.

Thunder Pulse. Simple Melee weapon | 1d8 Thunder damage. A creature hit has Disadvantage on attack rolls against targets other than you until the start of your next turn.

Defensive Field. While Bloodied, you can take a Bonus Action to gain Temporary Hit Points equal to your Artificer level. You lose these Temporary Hit Points if you doff the armor.

Infiltrator.

Lightning Launcher. Simple Ranged weapon (90ft/300ft) | 1d6 Lightning damage. Once on each of your turns when you hit a creature with the launcher, you can deal an extra 1d6 Lightning damage to that target.

Powered Steps. Your Speed increases by 5 feet.

Dampening Field. You have Advantage on Dexterity (Stealth) checks. If the armor imposes Disadvantage on such checks, the Advantage and Disadvantage cancel each other, as normal.

Sentinel

4

Guardian. Immediately after a creature within 5 feet of you takes the Disengage action or hits a target other than you with an attack, you can make an Opportunity Attack against that creature.

Halt. When you hit a creature with an Opportunity Attack, the creature's Speed becomes 0 for the rest of the current turn.

Extra Attack

5

You can attack twice instead of once whenever you take the Attack action on your turn.

Flash of Genius

7

When you or a creature you can see within 30 feet of you fails an ability check or a saving throw, you can take a Reaction to add a bonus to the roll, potentially causing it to succeed. The bonus equals your Intelligence modifier (minimum of +1).

You regain all expended uses (Int mod/Long Rest) when you finish a Long Rest.

Durable

8

Defy Death. You have Advantage on Death Saving Throws.

Speedy Recovery. As a Bonus Action, you can expend one of your Hit Point Dice, roll the die, and regain a number of Hit Points equal to the roll.

Improved Armorer

9

Armor Replication. You learn an additional plan for your Replicate Magic Item feature, and it must be in the Armor category. If you replace that plan, you must replace it with another Armor plan.

In addition, you can create an additional item with that feature, and the item must also be in the Armor category.

Improved Arsenal. You gain a +1 bonus to attack and damage rolls made with the special weapon of your Arcane Armor model.

Magic Item Adept

10

You can now attune to up to four magic items at once.
